

## 4th Open German Fly-Tying Championships 2012

**Important changes:** The event organizers modified their rules, due to the many international participants. From this point onwards, everyone can win the championship outright, including non German citizens.

Every participants has to either include €5 in cash to the submission of their flies, or transfer €5 to our bank account (bank information upon request). This money will be used to deal with the accumulating costs for portage etc.

### **Dry Fly category:**

In order to be included in the competition, every participant has to submit two flies. One Light Cahill using a Hayabusa #10 – FLY372 (you can find it at: <http://umpqua.com/pc-162-9-cahill.aspx>). The second dry fly may be tied as you wish, as long as it is not realistic fly. Both flies together will be taken into consideration by our jury.

Only if two flies tied on Hayabusa #10 are submitted will you be considered in the competition.
